Objet: News from the Lacanian Forum of Washington D.C.

Date: 30 juin 2018 à 03:50:35 UTC+2

Dear Colleagues,

We are very happy to let you know that Colette Soler is with us for the entire weekend of June 29th--July 1st.

Today marked an historic first: a live Clinical Presentation of a patient at the Outpatient Clinic of St. Elizabeth's Hospital here in Washington D.C.

The presentation was attended by residents at the Clinic, as well as by clinicians from around the country, including New York, Massachusetts, California, and Colorado.

Tomorrow Dr. Soler will present her Seminar at the Washington School of Psychiatry. It will be her fourth time to present a seminar there.

She will also comment on a case presentation by Macario Giraldo of our Forum.

On Sunday, we continue our work at the home of our delegate, Professor Wilfried Ver Eecke, where we will hear a case presentation by Paul Kellet Van Leer, a member of our Forum.

We will keep you updated!

Devra Simiu, on behalf of the Forum of Washington
